

SIX-DAY LIVE-IN INDIVIDUALLY GUIDED RETREAT

**7pm Sunday 2nd July
to 3.00pm Saturday 8th July 2017**

This retreat is an opportunity for those interested in a week of personal spiritual deepening with an experienced spiritual companion. It is a chance to stand back and 'see the woods for the trees' when some intentional spaciousness and solitude is sought.

Take the time of gentle silence to draw back towards who you really are when the lights and sounds of life are drawn within... This may enable you to re-fresh, re-member, experience and express your own authentic way of being and response towards life.
