

*Walking Home together –  
E hoki ngatahi ana ki te wa kainga*

**A residential four day retreat - 1<sup>st</sup> to 5<sup>th</sup> August 2019**

Each of us has a deep, inner desire to “come home”. This notion of home draws us away from restless wandering to explore our roots *and* our branches. Being Home is like a flower that is neither trying to give anything nor trying to get anything, yet its beauty and its fragrance are freely available; it is simply being itself. Home is where we too can be our most authentic selves.

This walk goes across cultures and it’s been told as the *Hero’s Journey*, *The Prodigal Son* and in the *Ox Herding* Images to name a few. Come, walk with the support of others, to the awakened heart that is truly home.

This four-day intimate, residential retreat is for NINE participants and we’ll have group time, time alone, silence, meditation, lectio divina and a short individual session with Pip.
